SKILLS SUMMARY

- **Languages:** C, Java, JavaScript, TypeScript, SQL, HTML, CSS
- **Frameworks:** ReactJS, Redux, Material UI, Sass, NodeJS, ExpressJS, Mongoose
- **Tools:** Git/GitHub, PostgreSQL, MongoDB, Postman, Figma, Canva
- **Familiar:** Chakra UI, Bootstrap, GraphQL, Bash, Markdown, Linux, Firebase
- **Soft Skills:** Leadership, Event Management, Technical Writing, Problem Solving

EXPERIENCE

-  **Neonflake Enterprises OPC Pvt. Ltd.** Remote
Full-stack Developer Intern May 2023 - Jul 2023
 - **Revitalized Admin Dashboard for Data Visualization:** Cooperated with senior developers to revamp the admin dashboard with React and Material-UI, resulting in real-time insights that optimized decision-making.
 - **Strengthened System Stability through API Testing:** Conducted comprehensive API testing with Postman, resolving integration issues and enhancing system robustness. Collaborated on NodeJS and Express bug fixes for improved performance.
-  **Pepcoding Education (OPC) Private Ltd.** Remote
Software Development Intern Sep 2022 - Apr 2023
 - **Transformed NADOS EdTech Platform:** Revolutionized NADOS edtech platform using React components and Chakra UI, enhancing user engagement. Collaborated on diverse projects, delivering impactful React and Node.js solutions under senior mentorship.
 - **Resolved Student Queries:** Proactively assisted doubt support team, swiftly resolving student queries on React, Node.js, and JavaScript projects. Enabled effective learning through virtual collaboration using Zoom and other tools.
-  **The Sparks Foundation** Remote
Web Developer Intern May 2022 - Jun 2022
 - **Led Banking System Project:** Designed & implemented banking system. Created API & MongoDB database using Node.js & Express.js for backend, React & CSS3 for frontend. Recognized for impactful contribution.
-  **Nanhi Pari Seemant Engineering Institute** Uttarakhand, India
Frontend Developer Intern Aug 2021 - Nov 2021
 - **Implemented React UI for District Hospital:** Led React UI creation for district gov. hospital under NIC. Simplified patient access to treatment details, pricing, & doctor schedules. Utilized React & Material-UI to impact 50K+ users.

PROJECTS

- **Cricket Weapon Store (E-Commerce Platform):** Developed a robust MERN e-commerce platform using Material-UI, featuring dual user-admin modes. Elevated cricket shopping through secure authentication, user-centric cart management, detailed reviews, and strategic sales analytics dashboard. **Features:** OAuth with JWT, Password Reset, Profile management, Shopping Cart, Product Review, Track order status, Payment via Stripe, Advanced Search, Admin Dashboard, User management, Product management, Order management, Role-Based Permissions. **Tech Stack:** MongoDB, Express, React, Node.js, Material-UI, Stripe, Redux, Redux-thunk. **View:**  **Code:** 
- **ChatMind - Real-time Chat App (Socket.io)** Created a responsive full-stack web app for real-time communication. Empowered by JWT user authentication for security. Features one-on-one & group chat, and robust user profiles. Includes role-based chat control for admin management. **Features:** Secure JWT User Auth, Real-time Chat, Robust Profiles, Role-Based Chat Control, Context API State Management, RESTful Web Services, MVC Architecture. **Tech Stack:** MongoDB, Express.js, React, Node.js, Chakra UI, Socket.IO **View:**  **Code:** 
- **MovieVerse - (MERN Stack):** A web app for revealing movies, cast info, trailers, reviews. Utilized Material UI for responsiveness. Leveraged Redux Toolkit for streamlined state control. Integrated TMDb API for real-time movie data. Empowered user reviews and favorites. Elevates movie discovery and engagement. **Features:** User Auth, data validation, Multi-Category Search, Light/Dark Theme. RESTful Api, MVC Architecture, CRUD operations. **Tech Stack:** React.js, Node.js, Express.js, MongoDB (ODM), Material UI, Redux Toolkit, NoSql **View:**  **Code:** 

EDUCATION

- **Nanhi Pari Seemant Engineering Institute** Uttarakhand, India
Bachelor of Technology - Computer Science and Engineering; CGPA: 8.35 July 2019 - Sept 2022
Courses: Operating Systems, Data Structures, Computer Networks, Database(DBMS), Object Oriented Programming(oop)

ACHIEVEMENT & AWARDS

- Participated in **Hacktoberfest 2022**, contributed 9 successful **pull requests**, and earned rewards and recognition.
- Engaged in **Open Source Programs** like **GSSOC** and **SSOC**, making valuable contributions.
- Managed to solve more than **350 questions** on **Data Structures and Algorithms**
- Our team's logo secured the victory in the college **logo design contest**, outperforming over **200+ participants**.
- Achieved **Silver Badges** in C and JavaScript, and a **Bronze Badge** in Problem Solving & Java on Hackerrank.
